## INTRODUCTION & COMPANY PROFILE

Sutton Brothers Contracting is a majority Aboriginal-owned earthworks and contracting business based in Mudgee, NSW. Established in 2022, we are driven by a strong commitment to community, customer satisfaction, and delivering quality outcomes. We provide a broad range of services tailored to the needs of clients across the Mid-Western region and beyond. Our areas of expertise include machinery hire (wet and dry), plant and equipment servicing, site maintenance, and labour hire. With a focus on safety, reliability, and efficiency, we help ensure every project is delivered on time and on budget.

Our team is fully trained and certified in the safe operation of all equipment, meeting the highest standards of professionalism and compliance. Sutton Brothers Contracting is a proud member of NSW Indigenous Chamber of Commerce and Business Mudgee and registered with Supply Nation, reflecting our dedication to local economic development and Indigenous business advancement. Sutton Brothers Contracting are proud sponsors of the Mudgee Dragons Rugby League Club.

# MEMBERSHIPS

- Business Mudgee Member
- NSW Indigenous Chamber of Commerce Member
- Supply Nation Registered

# CORE CAPABILITIES

## Wet & Dry Hire of Machinery

Excavators, Dozers, Skid Steers, Rollers, Graders, Trucks

## Earthmoving & Civil Works

Driveways and roads, shed and house pads, trenching, screw piercing, dams and contours, vegetation clearing and control.

## Labour Hire

Skilled plant operators and on-site support

## Plant Servicing & Maintenance

In-house heavy diesel mechanic and auto electrician, keeping plant and equipment up to a high standard.

All services are backed by safety systems managed by TradeSafe and a fully qualified, inclusive workforce.

We tailor our solutions to each client's project scope – whether short-term, long-term, or one-off requirements.

# VISION & MISSION

## Vision

To be the leading Aboriginal-owned earthworks and contracting business in the Central West, recognised for our safety, reliability, and quality—while building lasting partnerships, creating local employment opportunities, and empowering our communities.

## Mission

To provide expert contracting services in plant hire, labour hire, and earthmoving with a commitment to safety, customer satisfaction, and Indigenous participation—supporting strong and resilient regional communities.

# MANAGEMENT & TEAM

Sutton Brothers Contracting is led by a diverse, skilled team with strong cultural values and professional expertise. We are proud to employ a workforce that includes Indigenous and female operators, contributing to an inclusive and collaborative work environment.

# CERTIFICATIONS & COMPLIANCE

At Sutton Brothers Contracting, we prioritise safety, quality, and full compliance with industry standards. Our operations are underpinned by certified systems and trained personnel to ensure every project is delivered responsibly, efficiently, and in line with regulatory and client requirements.

- WHS Compliance: Managed by TradeSafe
- Heavy Machinery Licences & High-Risk Work Permits
- Safety Inductions (Construction White Cards)
- Site-specific induction compliant
- COVID-safe practices

# FINANCIAL STRENGTH

Sutton Brothers Contracting maintains strong financial systems and meets all ATO, superannuation, and staff obligations, with no outstanding liabilities. We use Xero accounting software to ensure transparent and reliable financial management and maintain a close working relationship with our company accountant, meeting regularly to review performance and plan for future growth. This strong financial position supports our ability to deliver consistent, high-quality outcomes and scale with confidence.

# PROJECT EXPERIENCE

We've successfully delivered on a range of infrastructure and emergency response projects across NSW, showcasing our ability to meet complex scopes with professionalism and efficiency:

## **Stubbo Solar Farm – PCL (2023–2025)**

Delivering rehabilitation and civil works on a major renewable energy project.

## **Stubbo Solar Farm – JLE Electrical (2023–2024)**

Provide support services in site preparation and electrical trenching for renewable energy infrastructure.

## **Mid-Western Regional Council (2023–Current)**

Engaged in fire management, hazard reduction. Wet and Dry Hire of Plant and Equipment.

## **NSW Rural Fire Service (2023–Current)**

Engaged in fire management, hazard reduction, and make-safe projects supporting regional emergency response efforts.

## **Inland Rain Project - BMD (2019 - 2019)**

Civil works on rail corridor, including dozer GPS works.

These projects demonstrate our versatility, responsiveness, and ability to work collaboratively across sectors.
